Dear Superintendent,

Under the North Carolina Public Records Law, G.S. §132-1., I am requesting an opportunity to obtain digital copies via email of the following public records:

- For FY23 and FY24, all POs issued to Tom Ramsey
- For FY23 and FY24, all fully executed contracts with Tom Ramsey
- All proposals/RFPs provided by Tom Ramsey
- For FY23 and FY24, all invoices provided by Tom Ramsey for payment
- Summary of Tom Ramsey's responsibilities and qualifications (licensures, etc) for the work being accomplished

If there are any fees for sending these records, please inform me if the cost will exceed $10. This information is not being sought for commercial purposes.

The law requires that you respond to and fulfill this request "as promptly as possible." If you expect a significant delay in responding to and fulfilling this request (greater than 5 business days), please contact me via email with information about when I might expect an email containing the requested information.

If you deny any or all of this request, please cite each specific exemption you feel justifies the refusal to release the information in the format I have requested and notify me of the appeal procedures available to me under the law.

Thank you.

Sincerely,

[redacted]

Hey [redacted]
It was great to see you again last evening and I regret that you departed prior to us having a conversation. Confirming receipt of your request for information pertaining to an outstanding individual. Mr. Tom Ramsey is a consultant who has successfully worked in the area of school & corporate construction for nearly 50 years. I will prepare a response to your request(s) at the earliest time possible.
I look forward to seeing you again soon.
Sincerely,
Dan Brigman, Ed.D.

Dear Superintendent,

As I sit in the front office, I thank the staff for creating these two data documents (<1.1M) for my data request. In addition, I was informed that you also sent this same data request to the Commissioner. Not sure of the intent of the send, but think that if it is an effort at transparency, it is greatly appreciated that information is moving in that direction.

Sincerely.
